Exclusions on Plan A

This agreement specifically does not cover plumbing labor and parts. It also excludes labor and parts for other elements of the heating system, such as furnaces, boilers, oil tanks, piping and radiators, tankless heaters, feed valves, relief and mixing valves, humidifiers, zone valves, circulator pumps and combustion chambers, or other equipment or parts beyond those listed under Replacement Parts in this agreement.

NOTE: All Plan A and Plan A+ contracts cover the **main heating zone in the system**. Additional zones in the system may be covered for an additional \$25.00 per zone. This option applies only to hot water systems, not forced hot air or steam systems.
