Exclusions on Plan A+

This agreement excludes labor and parts on other elements of the heating system such as furnaces, boilers, oil tanks, piping and radiators, tankless heaters or other equipment or parts beyond those listed.

NOTE: All Plan A and Plan A+ contracts cover the **main heating zone in the system**. Additional zones in the system may be covered for an additional \$25.00 per zone. This option applies only to hot water systems, not forced hot air or steam systems.
